**2026-2027**  
**Primary School**  
**Supplies Grades K-3**

Dear families,

This school year primary teachers will once again be collecting \$40 for school supplies. This ensures that supplies are of consistent quality and the same for each student. By purchasing supplies in bulk, we can take advantage of discounts too. In September, parents will be invited to pay through School Cash Online. You will pay for your child's agenda or communication folder here too.

<https://burnaby.schoolcashonline.com/>

If you would prefer to purchase your own supplies, please ask your child's classroom teacher for their specific school supply list.

Should this present a problem for your family financially, please reach out to your child's teacher or the office.

Thank you for your continued support,

UHE Primary teachers
